

COWS 2024 Fall Workshop

Artist: Joe Lombardo (<https://artaccessgallery.com/project/joe-lombardo/>)

Joseph Lombardo is an accomplished plein air painter and painting instructor. He received a MFA in painting from Bowling Green State University and studied landscape painting at the Burren College of Art in Ireland. Lombardo is a two-time 'Best in Show' winner at the Ohio Plein Air Competition. He has served as Artist In Residence at Buffalo National River, Hot Springs National Park, and at the Glen Arbor Art Association. Lombardo teaches plein air painting workshops internationally.

Joseph Lombardo's collection is inspired by color. Lombardo manipulates color palette, value, vibrancy, and temperature to create atmospheric landscapes. Lombardo paints quickly using the direct painting technique finishing a painting on-site in one session. "I paint from general to specific and from carefree to careful. The hardest part is knowing when to stop." (REF: <https://artaccessgallery.com/project/joe-lombardo/>)
