THE WESTERN OHIO WATERCOLOR SOCIETY

COWS Newsletter page 7

Presents Amy Collins workshop
“FIGURE IN WATERCOLOR”

September 14-15, 2016
\$160 members \$175 non-members

To many artists the thought of painting people is terrifying, yet there is no other subject that so strongly engages the viewer. This workshop is designed to help artists find the joy in painting figures and the confidence to render them in watercolor. **Skill level: intermediate to advanced.**

Amy will share her love of the figure and her personal approach to painting the figure in watercolor. She will demonstrate her technique of using drawing to complement a painting. Participants will learn how to apply watercolor with a looseness and spontaneity that enhances your subject's individual character. Amy will talk about using photographs as reference as well as painting from life, and students will have the opportunity to do both.

Biography: Amy Collins has an undergraduate degree in Fine Art from the University of Virginia and a MS degree in Medical Illustration from the Medical College of Georgia. She is a member of the Watercolor Society of Alabama and Oil Painters of America.

Artist's Statement: As a medical illustrator my role was that of a communicator, clarifying scientific and medical concepts with clear and informative visuals. As I now devote almost all of my time to painting, I can see how my professional training and experience have influenced my fine art. I love painting the figure. I am fascinated by how a figure relates to their environment, and how the slightest change in gesture or expression can alter “the story.”

We look forward to seeing you at the workshop!

The workshop will be held at The Vineyard Church, 4051 Indian Ripple Road, Beavercreek, Ohio from 9:30 am to 4:30 pm, with a one hour lunch break.

From William Mancuso
The All Weather Gang; Painters of Western NY

The All Weather Gang is a group of diverse individuals (think aerospace engineer and English teacher to graphic designer and owner of a construction company) from Western New York State that have met almost every Saturday for decades to go outdoors and paint in weather that at times would give even the U.S. Postal Service reason to reconsider.

They gather to paint the world around them and by doing so to draw attention to the scenes that every one looks at, but no one sees. This exhibition brings together paintings from summer, fall, winter and spring that are painted plein air and on site.

This is the first time The All Weather Gang has exhibited in Ohio.

The show will be in the Elzay Gallery located at Ohio Northern University's Wilson Fine Art Building at 515 South Gilbert Street, Ada, OH - August 29 to October 5.

The gallery is open daily 1 to 4:30 pm.

Sponsored by Ohio Northern University Art & Design Department and CASE (Committee on the Arts and Special Events)

Name of the COWS member recommending you:

This year the selection for new members will take place on **Saturday October 29, 2016** at the Westerville Library on State Street in Westerville Ohio. (Meeting Room A.) Time for delivery of art is 10:30am and pickup at 12:30 p.m.

Three paintings should be submitted. Paintings should be matted with off white or plain white mats. The only medium permitted is transparent watercolor on unaltered paper. Details are below. Do not frame your work. PRINT your name and address and phone number on a label and place on left hand corner of the back of each painting. Also include the form below.

COWS By-laws:

Transparent watercolor only may be used as the painting medium. "Transparent watercolor" is defined as paint so marked and advertised as "watercolor" by the manufacturer. Thus all other water-based media and any white paint shall not be used. The paint may be applied directly as it comes from the tube or pan, or diluted with water. No other material shall be permanently added to the painting surface or mixed with the watercolor medium, except graphite pencil may be used for the initial structural drawing.

The surface on which the watercolor is applied shall be paper, sized only by the manufacturer. No additional substance shall be applied to the support material nor any other support surface used.

Paintings copied from photographs, other than your own, or during a workshop or classroom situation are not eligible.

COWS BYLAWS Article I: "The purpose of the society is to further interest in, and status of, the use of transparent watercolor for the benefit of each member and for the development of public interest in the medium".

The Central Ohio Watercolor Society was founded in 1964 and is the preeminent transparent watercolor

society in the region. Modern technology has produced many new "water media" products, referring to any medium that is water soluble, and there are many societies that present opportunities to exhibit work created with these new products. However, the Central Ohio Watercolor Society remains dedicated to its original purpose to promote and preserve the unique character of transparent watercolor. We have over 100 members and most of the members are award winning artists with regional and national reputations. More information can be found on our web site, www.centralohiowatercolorsociety.com.

The society meets once a month, usually on the second Saturday of the month, at the McConnell Art Center, 777 Evening Street in Worthington, Ohio. We have 2 juried shows a year with cash prizes and many interesting programs during the year. You will meet many talented people that will share their love of the arts. We also have critiques and workshops that help us in our quest to become better artists. The dues are \$30.00 a year.
