THE WESTERN OHIO WATERCOLOR SOCIETY

Presents Amy Collins workshop “FIGURE IN WATERCOLOR”

September 14-15, 2016

\$160 members \$175 non-members

To many artists the thought of painting people is terrifying, yet there is no other subject that so strongly engages the viewer. This workshop is designed to help artists find the joy in painting figures and the confidence to render them in watercolor. **Skill level: intermediate to advanced.**

Amy will share her love of the figure and her personal approach to painting the figure in watercolor. She will demonstrate her technique of using drawing to complement a painting. Participants will learn how to apply watercolor with a looseness and spontaneity that enhances your subject's individual character. Amy will talk about using photographs as reference as well as painting from life, and students will have the opportunity to do both.

Biography: Amy Collins has an undergraduate degree in Fine Art from the University of Virginia and a MS degree in Medical Illustration from the Medical College of Georgia. She is a member of the Watercolor Society of Alabama and Oil Painters of America.

Artist's Statement: As a medical illustrator my role was that of a communicator, clarifying scientific and medical concepts with clear and informative visuals. As I now devote almost all of my time to painting, I can see how my professional training and experience have influenced my fine art. I love painting the figure. I am fascinated by how a figure relates to their environment, and how the slightest change in gesture or expression can alter “the story.”

We look forward to seeing you at the workshop!

The workshop will be held at The Vineyard Church, 4051 Indian Ripple Road, Beavercreek, Ohio from 9:30 am to 4:30 pm, with a one hour lunch break.
